Description

A \$1,222,000 home for \$525,000! This "mini mansion" is designed to be a family Bed & Breakfast, a Residential home, and it's perfect for a quiet Buisness Retreat. A Hollywood Movie Star or Rock Star could use it as a secret Get-a-Way. When you enter through the private gate and along the beautifully lit, winding private driveway, you will make your way around the circular drive with the impressive fountain and gardens, and you will know you have come home. You will enjoy the freedom of space, as your new home boasts a total of 5,804 square feet under one roof and a total of 3,920 sq feet under air. You will have plenty of room to relax and stretch out. Your pristine estate has a total of 5 bedrooms, 3 bathrooms, and each bedroom is themed and decorated to match. There are 2 Master Suites, plus an executive office. An exciting addition: There is a 576 sq ft private apartment above the garage for your additional guests, parents or in-laws. From your large screened lanai (porch), you can enjoy nature at her loveliest, as you view butterflies, deer, doves, ducks, hawks, herons, turkeys, turtles, and more in their natural habitat only a few feet from your door. At sunset and sunrise you'll enjoy walking or riding around the property trail which is shaded with many moss-draped live oak trees. The property is situated on 7 acres and is the epitome of the wild, natural beauty for which Florida is famous. Outside your back door, the vista seems endless because of the nature lake which is reminiscent of the Everglades. Located on Gospel Island, this is an incredibly private woodland retreat, even though charming, historic downtown Inverness is only minutes away. Bring your horse. Great place to ride!
